IS428 User Guide

HOMEVIZ HOMIES

LE THANH AN, VERA LOW, LAU ZI QUAN

Story 1

Story 1 aims to show the Sold and Rental breakdown in Singapore by town and room type. There are 2 toggles, town and room type.

Toggle 1 allows the user to see the breakdown by room type:

Toggle 2 allows the user to see the breakdown by absolute or percentage:
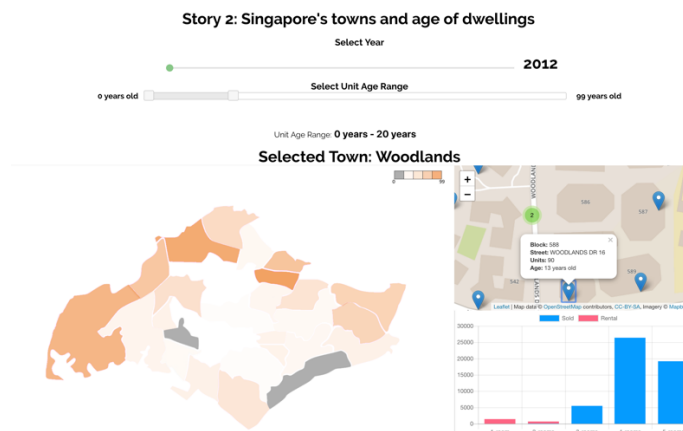

Story 2

Story 2 aims to show the distribution of HDB blocks around Singapore by its age. The user can select the age range that they would like to see, as well as the year that they would like to take a look at. The year range ranges from 2012 till 2030, and the age range ranges from 0 to 99 years old (HDB's lease duration).

Upon selecting a town, the user can see where the HDB blocks lies, and the town's unit breakdown

Clicking on the cluster allows user to zoom in on each block and see the age as well as the number of units in that block

Story 3

Story 3 aims to show the population trend as well as the HDB stock (in units) over the years. User can use the drop down box to toggle between the towns.

Story 3: Supply and Demand

Ang Mo Kio

Absolute

New Population   Housing Stock in Units
