

Team Meeting Minutes #4

Data/Time: 26 Jan 2018

Venue: SMU Library Project Room 4.1

Attendees: Chia Chek Wei, Lim Ching Ye, Lim Yee Khang

Agenda:

1. Discuss issues faced with location categorisation
2. Brainstorm other possible methods to pinpoint location of indiscriminate parking

S/N	Notes/Task	Assigned To	Follow-up Action
1.	<p>Shared about the problems and issues we faced with tagging the location of indiscriminate parking to a region in Singapore</p> <ul style="list-style-type: none"> - difficult to come up with a definite way to determine which region - tagging by mrt is not good as sometimes the location is very far away from mrt stations - grouping by region on google maps sometimes is not accurate - grouping by keyword is an issue because having the keyword doesn't necessarily implies that that location is in that region 	Chek Wei, Ching Ye & Yee Khang	Nil
2.	Brainstormed on other possible ways to do pinpoint location	Chek Wei, Ching Ye & Yee Khang	Nil
3.	Decided to use GeoCode that was found online so that we can pinpoint exactly where the bikes are parked based on longitude and latitude coordinates	Chek Wei, Ching Ye & Yee Khang	All to find the coordinates of their respective data [Completed: See Supervisor Meeting #2]
