1	<u>Sharing and discussion on dataset</u>
	
	- Showed supervisor the dataset collected from SMU Library on EzProxy website logging
	- Prof Kam shared ideas on how to get started and approved of this project
	- Prof Kam recommended:
	    o Association analysis in a consumer journey kind of approach, to analyze user behavior on the library e-resources database
	        ▪ Focus on 1 user in 1 day → What articles he searched together or 1 after another, in an event sequence
	    o Trifecta for data wrangling and text explorer on JMP pro
	    o Few project objectives we could possibly consider
	        ▪ Using data-driven approach to understand user-behavior on Library's e-resources
	        ▪ Discover and explore effective ways to process and prepare data for further analysis
	        ▪ Classification of data and extraction of useful information
	    o Using a few lines in text explorer to explore the logs first
		All	-

The meeting was adjourned at 6pm. These minutes will be circulated and adopted if there are no amendments reported in the next three days.
