Team Meeting 11

Date:	23 Feb 2017
Time:	4.30pm-5.30pm
Venue:	SIS Building
Attendees:	Lim Yu Xiang Bendexter Tan Jun Rong Wang Jing Xuan
Absentees:	
Agenda:	After-Interim Presentation Discussion

No.	Details	Action By	Due Date
1	**Feedback from Profs during Presentation** • **Data processing**: need to use 1 software so librarian can replicate/ no back and forth • **Graphs**: need to have reference lines: for example 25% 50% • No stacked charts coz base are floating – tree or bar charts • Need to show existing undergraduate based on graduation year as some alumni still used the old accounts • Chinese new year graph don't say guilty • For 3 months data need to have continuous line • Treemap : school/ programme/ gradates • Look at number of searches per student instead of total, different schools may have different number of students • No bubble charts • **Text:** Terms categorization – grouping – data dictionary / portal services used • Group nouns / adj, etc and their relationship what adj to what noun	ALL	26 Feb 2017-

Agenda for next meeting: Rewrite Interim Report to match feedback by Profs.
