<b>Time</b>	16:00 - 16:30
<b>Venue</b>	SIS Level 5
<b>Attendees</b>	Team V: Andrew, Sarah
<b>Agenda</b>	1. Discussion on Cluster Analysis 2. Discussion on Association Analysis

<b>S/N</b>	<b>Item Discussed</b>	<b>Remarks</b>
1	Cluster Analysis	<ul style="list-style-type: none"> <li>- Since there are 6 clusters, we profiled them accordingly. From the 6 clusters, it seems they are all rather different from each other.</li> </ul>
2	Association Analysis	<ul style="list-style-type: none"> <li>- Sarah brought up the suggestion that we should do the analysis with two different sets of data. One to include bookings with one service and another to exclude bookings with one service.</li> <li>- Andrew agreed that we should look into that as well so that we can have a comparison of both results.</li> </ul>
