Success Human Resource Centre Pte Ltd

Introduction

Success Human Resource Centre Pte Ltd is a reputable staff recruitment agency in Singapore. We have since the inception of the agency in February 1997 assisted numerous organizations in the private and public sectors to recruit permanent, temporary and contract staff to meet their organizational needs.

Our client base is broad based. It encompasses organizations in banking, manufacturing, hospitality, hospital, shipping, and several other commercial entities. We also have a large pool of candidates in our database.

Mission and strategy

Our mission is to be a premier staff recruitment agency which provides fast, efficient and cost effective service to organizations which engage us to meet their staffing needs.

To achieve this mission, we employ highly motivated and competent recruitment consultants and provide them with relevant skills training and a conducive working environment, coupled with an attractive reward system.

We also instill in our staff the values of honesty and integrity and a commitment to recruit the best available candidates for our clients.

Our business strategy is to charge our clients very competitive rates as we believe in a long-term business relationship rather than a short-term gain. We ensure that all candidates are thoroughly screened by means of interviewing and exhaustive testing on aptitude and personality. We also make careful reference checks on their previous employment history.

Our expansion plan

Having achieved considerable success locally, we have embarked on an expansion plan since 2005. We now have a subsidiary called **Success Resource Centre Pte Ltd** which concentrates on recruitment of foreign workers from China, Indonesia, Vietnam, Philippines, India and other countries.

Our clients in the manufacturing, hospitality, aerospace and construction industries are constantly experiencing a high turnover of local staff. We see an opportunity for us to help them overcome this problem. We believe foreign workers are the best fit for the lower level positions. Due to the nature of their work permit, these foreign workers normally sign a two-year contract with their employers. This helps to alleviate the high staff turnover problem. In the long run, it is also more cost effective.
