GOALS / RECAP

Create an IS480 Management System that is:

- User Friendly.
- Able to be implement the basic functions of the IS480 management system.
- Deployed before acceptance.

1.

OUR PROGRESS

Where we **WERE.**

- Improved Usability
- IS480 Survey
- Export Survey
- Export Team-Student
- Announcement Page
- Team Video Page (50%)
- Team-Faculty Management
- Live Deployment v3
- A lot of Bug Fixing and Usability improvement.

What we **DONE.**

- Met with Sponsors, gave them an overview of the whole IS480 system, and they gave us feedback and a list of new functions to complete (Last Friday)
- A lot of bug fixes (see Road to Finals for full List)
- User Testing 4 (Students)
- Survey went live, and it went generally well. (a few bugs and issues, but the general time to respond and fix is less than 1 day)
- Although the system was still not accepted by them, we would have to fix all the bugs and new functions for them to vett once more before they decide to adopt our system.

Road to Finals

Road to Finals

Iteration 12 (25th October – 7th November)

- ~~— Poster Submission~~
- ~~— Pitch Video Submission~~
- ~~— Notification Module~~
- ~~— Improving Usability~~
- ~~— Bug Fixing~~
- Survey analytics (Have a feel of what we want to achieve before finals)

List of Bugs/New Functions

- Default term bug not properly submitting
- Integrate term milestone rules to edit members.
- Bug when adding using markups when creating projects.
- Different main page information for different terms. Announcements can just be latest term
- Export team student, if there is no supervisor or reviewer, by default, it is Benjamin Gan.
- **When survey starts, the survey sidebar appears, and only the team admin is able to edit the survey, after the survey closes, nobody can edit except for the course coordinator.**
- Export emails of all sponsors of a specific term.
- **Flag teams that fail acceptance and allow them to move to a different term.**
- Master control Team (give them a list of all emails so they can email members)
- **Survey: capture last update by the team.**
- Survey export: timestamp must be exported in the file name
- Faculty: allow them to export a blank template.
- Team videos: allow them to export a blank template
- Have a modal to add in students accordingly.
- Team videos: Export should export the whole team videos
- Team-Student.csv—include a static “Internal”, with a header of “presentation”
- Modal for request projects: the confirm request should have a list of instructions they need to do before proposing the project.
- Bug report change to feedback send email to is480@smu.edu.sg
- IS480 team page: sort by supervisors, Sponsor
- If a team already has a faculty member assigned to it, the button should become grayed out. (or show the faculty member who is currently with that role)
- Audit trail select term selection
