# GOALS / RECAP

Create an IS480 Management System that is:

- User Friendly.
- Able to be implement the basic functions of the IS480 management system.
- Deployed before acceptance.

**1.**

**OUR PROGRESS**

# Where we **WERE**.

- Partial Live Deployment for Students, Most of the time is spent on stabilizing the system for deployment.
- Functions for students are stable, however we have yet to catch all corner cases
- Web design for the IS480 Management System is now fully responsive for Desktop view.

# What we **DONE.**

- Live Deployment v1 (v2 to be live today)
- Added Functions for the Admin (Export Wiki, Export Schedule for Blue, Faculty Assignment, notification popover, others)
- Updated the User interface and User experience for Admin function.
- Updated the user interface for the students (based on feedback)
