DISCUSSION

No.	Details
1.	<p><u>Updates on project management</u></p> <ul style="list-style-type: none"> - Schedule metric score - New schedule <ul style="list-style-type: none"> ● Iteration 4 - finished database, profile, and profile & shopping UI ● Shopping cart is pushed to iteration 5 ● UT 1 will be held on 18-19 January 2013 - Bug tracking log - Mockup UI <p>Prof's comment: Mockup UI looks really good now, so the real UI must exactly follow this.</p>
2.	<p><u>Updates from sponsor</u></p> <ul style="list-style-type: none"> - Team and sponsor have agreed to create 3D body avatar as the x factor <p>Prof's comment:</p> <ul style="list-style-type: none"> ● This might be very time consuming but doable, therefore must plan properly ● Team needs to research on package options, pros and cons as soon as possible ● Remove buy from friend? No, technically buy for friends only means put friend's address as the delivery address, other process is the same as buy for self.

3.	<p><u>Usability Testing 1</u></p> <ul style="list-style-type: none"> - Test cases must cover all of the possible scenario - Screen record 5-7 samples to support the observation because team might miss important points during observation <ul style="list-style-type: none"> ● video will help to understand testers' browsing behaviour - Test the time spent on the operation from server side - i.e. time spent from one page to another in each major function (put time stamp start and end) - Things to note: how UT 2 will be different from UT 1?
4.	<p><u>Demo and supervisor's comment</u></p> <ol style="list-style-type: none"> 1. Registration security <ul style="list-style-type: none"> ● verification email ● age limit - check with sponsor if this is necessary 2. Shopping cart <ul style="list-style-type: none"> ● include items that have been removed - e.g. what you've considered before... ● rename the items ● include 'same as billing address' option in the shipping address ● try to follow amazon - everything is on one page ● order status <ul style="list-style-type: none"> ○ where is the shipping coming from? what if a customer order items from different vendors? customers only want to see one order status for such purchase, so will Gamurai handle the order before shipping? ○ how to display the status? <p>* Prof will be away from 22nd - 26th of December - email only.</p>
