Task Assignment		
1.	Pei Qin, Lavinia	Mr Low would like to see the project documentation. This would be posted on our group's wiki page and we will provide him with the link to it.
2.	Everyone	Mr Low stated that we can use technologies that we are more comfortable with. Thus, we will be using MySQL for the database instead of PostGresSQL.
3.	Benjamin Chan, Joel, Lavinia, Jong Hyeok	Mr Low would prefer for the web app to serve the iOS. He also stated that the web app should not be separated from the REST server in the initial stages.
4.	Benjamin Chan, Joel, Lavinia, Jong Hyeok	Mr Low would prefer that we use libraries for authentication for security.
5.	Pei Qin	Mr Low would prefer for some buffer in the schedule. This would allow us time to catch up in the development if we fall behind.

The meeting was adjourned at 1600. These minutes will be circulated and adopted if there are no amendments reported in the next three days.
