Comments from User Testing

Content

Mentioned multiple times

1. Could include online shops that may not be based in Singapore but cater for DIY wedding.
2. Review on registration of marriage.

Other comments

1. Market for Indian and Malay weddings is not so active, should introduce more regarding this market.
2. Good to see most of the information covered (Things to do and Tips)

Functional

Mentioned multiple times

1. Inconvenient scroll
2. Budget should be included
3. Should be able to save everything at one time
4. Print table allocation of guests
5. Need instruction/tutorial to start

Other comments

1. Checklist of Things to do is useful
2. Undo function is necessary
3. Search in Things to do
4. Profile information should be linked to other information such as Things to do template
5. Validate special characters for login information and date (e.g. wedding date cannot be earlier than current date)

UI

Mentioned multiple times

1. Nice colour theme
2. Bookmark and Favourite icon are not intuitive
3. Image to indicate loading page

Other Comments

1. Simple to navigate
2. Canvas is clearly structured and appealing

Useful Features

1. Things to do, Guest Manager, Discover
2. Hashtag
