

IS480 - Final Year Project
Singapore Management University

Date : August 19, 2014
Location : BP Meeting Room
Subject : Discuss acceptance presentation content and current development progress
Attendee : Pujara Aniket Pinakin, Gokarn Ila Nitin, Mi Mi Han Kyaw, Siddhant Kanaujia,
Phyu Phyu Htant, Peter Morrison, Terence Tan Yeow Khin
Absentee : None

Requirements Discussed

1. Modify the notification module to generate a report with names of defaulting employees
2. Add a function for the administrator to upload .csv files to add employee ids, names and roles (trainer, trainee or administrator)
3. Switch the "Performance Analyzing Module" from "Additional Functions" with "Report Generation (Notification) Module" from "Secondary Functions" in the scope
4. Use OpenShift to deploy the database

We'll be planning and scheduling these aforementioned requirements after our acceptance presentation is over and update BP regarding the same at the earliest.

Virtual Testing Environment

Here are our Date of Births as requested by Mr. Tan
