Date: 7/11/2014
Location: SIS GSR 3.1
Subject: Supervisor Meeting (Demo & UAT discussion)
Attendee(s): Prof Kim, Aniket, Ila, Chenguang, Mi Mi, Siddhant, Phyu Phyu
Absentee(s): None

AGENDA

UAT
- ABCD testing, analyse with ANOVA testing
- Result is important and should be real.

Quiz Bank Algorithm
- Try to explain very clearly and concisely in one or two minutes
- Come out with nice diagram or animation for presentation
- Don't confuse the reviewers!!!

Demo
Trainer/Trainee View Analytics Module
- Solve the current bug in trainee view analytics
- Good. No more suggestion.
- How to show "Not Attempted" value in the graph? (-1) is ok. Put legend somewhere.

Ila's Suggestion: provide user guide in the webpage to explain the user better (in text editor and analytics)

Try UAT with BP users in the deployed version

Live Deployment is very important!!!

Prof will be away from 8th-18th Nov.

Next meeting – 22nd Nov (Sat) – 10:00am
