AGENDA

No.	Task
1.	<p>Advisor Goal and Concern</p> <ul style="list-style-type: none"> • How far can this project last? <ul style="list-style-type: none"> ➤ Advisor is looking at the long term (5 to 10 years) down the road • They have an existing application and advisor ask can we integrate this system into our application. • Main concern: Security <ul style="list-style-type: none"> ➤ This involve the data of 30K residents hence, security on cloud is very important. ➤ He would hope the team could give him some assurance • Advisor would like to have a feel of the product. He would like to test it out and try. • Advisor is very keen on statistical reporting. He would like the system to be able to generate different types of reporting for him. • Here is a list of things that advisor would wish the system could have/do: <ul style="list-style-type: none"> ➤ Able to capture engagement between staff/grassroot staff with residents. <ul style="list-style-type: none"> ▪ House visit → latest update of house hold, following up with

	<p>previous issue.</p> <ul style="list-style-type: none"> ▪ To be able to record the achievement / things they learnt from residents. ▪ Assistance aids that the resident has applied for. ▪ To allow grassroots leader to capture residents' engagement <ul style="list-style-type: none"> ✓ Resident buy ticket for events such as Chinese New Year, Birds Event, Plant Events and etc ▪ Have different access rights for different types of user. <ul style="list-style-type: none"> ✓ Some user will not have the full access ✓ Level of layer must be there ✓ Customized and controlled/proper procedures for better control. ▪ When he key in "Tan Ah Seng" in the search, all engagement regarding this resident will be listed down. This is because if I have more data about them, I can serve the residents better. ▪ *Security of the cloud hosting ▪ Transfer information from their system to our system. <ul style="list-style-type: none"> ✓ This is not captured in excel sheet. ▪ Flexibility to allow him to: <ul style="list-style-type: none"> ✓ Do Statistical Reporting: fix the current 6 reporting first. Will add in more down the road. ✓ Expand it to 20 reports or more different types of report <ul style="list-style-type: none"> • Info like Race are very important, flexibility.
2.	<p>Minor change to requirements gathering</p> <ul style="list-style-type: none"> • Would like to have a few more accounts for volunteers. They are only able to create feedback and not able to view details of the residents as it is confidential.
