

Team One Piece

Date: 1/11/2014

Location: SIS GSR 3.1

Subject: Supervisor Meeting (Demo & Midterm Preparation)

Attendee(s): Prof Kim, Aniket, Ila, Chenguang, Mi Mi, Siddhant, Phyu Phyu

Absentee(s): None

AGENDA

Demo

Trainer View Module

- In description, can put the estimate timing to finish the module or the number of slides or the pre-requisite?
- For End-date and recall-date, the differences are not very clear. Need to explain clearly.

View Analytics

- By default, depending on when they take the quiz or the end date of the module, order the modules
- Trainers should be able to see the average of each module, min and max
- Show the average to trainees also, with the average
- Trainees should be able to analyse what kind of module category they are doing well, what category they are doing bad

View module

- When the trainee already passed the module and retake the module, allow them to disable the timers
- Randomize questions for the quiz

Prof will be away from 8th-18th Nov.

Next meeting – 7th Nov (Fri) – 9:00am
