Team One Piece

Date   :   15/06/2014

Location   :   SOB GSR 1.2

Subject   :   Second meeting for proposal

Attendee   :   All

Absentee   :   -

Changes in roles

- Ila : Lead front end developer
- Aniket: System Analyst

3 UATs (one before acceptance & one before midterm & one before final)

- Finalize UI before acceptance
- Implement Active Directory (liaise with BP)

BP meeting

- Siddhant will be taking over for emailing
- Ask for UAT date (between 1-8 August)
- Things to ask BP
    o How many employees are using the application (both trainers and trainees)?
    o For user authentication, what kind of token are we getting back from the server? How are you getting the username and password from the users, from login page or windows credentials? How your company's working?

X Factor

- Splitting ppt slides and add the audio clip   [java media framework API]
    o Slides (images) are shown and audio is played (like video)
- Document Management (store data, split, add audio and create slideshow) [Apache POI]

Configure and setup methodology

- Set up the repository - Aniket
- Set up Database - Ila

Frameworks and tools decided to use

- Apache POI
- MVC Tool
- Hibernate
- To Download
    o Netbeans
    o MySql 5.6
    o MPP
    o Tortoise.svn
    o TeamViewer
