

<b>Date:</b>	<b>12<sup>th</sup> February 2014</b>
<b>Time:</b>	<b>1:45 PM – 3:10 PM</b>
<b>Venue:</b>	<b>SIS Level 5 (Near the lifts)</b>
<b>Attendees:</b>	<p><b>Team:</b></p> <ul style="list-style-type: none"> <li>• <b>Glen Wong</b></li> <li>• <b>Yusof</b></li> <li>• <b>Shanaaz</b></li> <li>• <b>Wah Chun</b></li> <li>• <b>Eng Sen</b></li> <li>• <b>Fariq</b></li> </ul> <p><b>Client: Chris Boesch</b></p>
	<p><b>Agenda:</b></p> <ul style="list-style-type: none"> <li>- <b>Clarify the state diagrams for MB Coaching nad purpose driven</b></li> <li>- <b>Events page clarifications</b></li> <li>- <b>Tournament Updates</b></li> <li>- <b>Registration Maps</b></li> </ul> <p><b><u>State Diagrams</u></b></p> <p><b>MB Coaching</b></p> <ul style="list-style-type: none"> <li>• Once user is active, the coach audio file will be and the questions will be displayed</li> <li>• User need to click continue button for game to play</li> </ul> <p><b>Purpose driven</b></p> <ul style="list-style-type: none"> <li>• No more landing page</li> <li>• Wants Video to be played automatically</li> <li>• Client changed the UI – wants lesser clicks, changed the layout of the options</li> <li>• Client gave paper prototype</li> <li>• Indicate on the video gallery what is the last watched video</li> <li>• Have a progress bar</li> <li>• Wants thumbnails of video to be greyed out</li> <li>• Make the radio buttons in to buttons and place it at the side (left of the video)</li> </ul> <p><b><u>Events Registration</u></b></p> <ul style="list-style-type: none"> <li>• Cut-off differs for different events – decided by event creator</li> <li>• Need to have a button that sends those above the cut off line a message that they are invited for the event and also be able to</li> </ul>

send the e-mail to those who are below the cut off

- Configure invite message
- Client will provide the API
- Show the current ranking and send an email for this event
- Purpose and Mastery can have a bad UI for admin page
- But events and tournament need to have a proper UI because it's a feature that is for the public
- Client drew out paper prototypes
- Have standard options for prizes under the events creation page
- Based on ranking, who you want to send the invite to
- RSVP link should be unique – attend the event id and the participant id, based on the link then you invoke a JSON response and change the Boolean value.
- Public will be able to see who is invited and RSVPed
- Create events, edit events
- GUI
- Help him define the data structure

### **Tournament Updates**

- Client will add group ranking into the backend
- Use round ranking in the current API and for mentor assignment – need not create a new API
- Hide group value if it is an individual tournament
- Assigned/mentoring/ on the way values for automatic mentor assignment status
- Wants last solved time
- Shift the player's name right after ranking
- Prefers to stick with the checkboxes
- No need country on live ranking
- Limit questions to 20
- Brand new APIs

### **Registration Maps**

- Want event ranking for each event
- For events, take into account the schools
- Where are all the people who have done mastery based coaching and purpose driven
- Client paper prototyped
- Events Map
- Event Registration – by mid term can be completed
- After midterm – level X or higher, mastery coaching, purpose
- Badges

	<ul style="list-style-type: none"><li>• Levels</li></ul> <p><b><u>Admin Matter:</u></b></p> <ul style="list-style-type: none"><li>• Client is notified that the changes mentioned will be implemented after mid-term</li><li>• IDA will make the purpose driven videos</li><li>• Going to talk to some top developers</li></ul> <ol style="list-style-type: none"><li>1. Why do you love to code?</li><li>2. How does coding help to pursue your passion/purpose?</li></ol>
