Date: 3rd July 2015

Attendees: Wei Ting, Kok Chin, Benjamin, Gareth, JV

Agenda:

- Mock-up
- Other administrative matter
-

Discussion:

Mock-up

Mobile app:

Based on the given mock up slides, we identify what is missing and based on the navigational diagram, came out with the paper prototype.

- It will be used as the base to follow in future development
- Refer to slides for the completed mock-up screens.

Smart Watch:

- Purchase of Moto 360
    - o Make use of the API functions to manipulate the front end to cater to both round and square screen.
- Basic mock up needed but allowing the developer the flexibility to change along the way.
    - o Reason: we are unsure how it will look like in real life.
- Smart Watch will act as a remote controller, heart rate detector and allow calibration at the start.

Other Administrative Matter

- Wei Ting emailed Rajesh to get source code from LiveLabs.
- Researcher Portal is very wide, so we will have to decide on which portion to do by acceptance.
- Cheng Fu to determine if scope is too big for the team, and discuss with the team.
- Tentatively, we will not be touching on analytics module for acceptance but instead we will be coding the Researcher Portal.
  o To reschedule after we get the source codes, including a team meeting.
- To check with Sponsor if he needs to track podcast pausing rate as one of the statistics

The meeting was adjourned at 11.30 pm. Next meeting is scheduled on 8th July 2015 ,10pm.

These minutes will be circulated and adopted if there are no amendments reported in the next three days.
